

resident to be able to participate in special hunts. The harvest information is needed in order to evaluate subsistence harvest success; the effectiveness of season lengths, harvest quotas, and harvest restrictions; hunting patterns and practices; and hunter use. Once harvest success information is evaluated, the Federal Subsistence Board utilizes this information, along with other information, to set future seasons and harvest limits for Federal subsistence resource users. These seasons and harvest limits are set in order to meet the needs of subsistence hunters without adversely impacting the health of existing wildlife populations.

The Federal Subsistence Hunt Application and Permit also provides a mechanism to allow Federal subsistence users the opportunity to participate in special hunts that are not available to the general public but are mandated by Title VIII of ANILCA. Both reports provide for the collection of the necessary information; however, the Designated Hunter report is unique in that it allows the reporting of the harvest of multiple animals by a single hunter who is acting for others. The Designated Hunter Application and Permit also serves as a special permit allowing qualified subsistence users to harvest fish or wildlife for others.

Frequency of Collection: On occasion.

Description of Respondents:

Individuals or households.

Estimated Completion Time: .25 hours (15 minutes each).

Annual Responses: 4,500 (Federal Subsistence Hunt Application and Permit; 7,000 (Designated Hunter Permit Application and Report).

Total Annual Burden Hours: 2,875.

Dated: February 28, 1997.

Phyllis H. Cook,

Information Collection Clearance Officer.

Bureau of Land Management

[AZ-040-7122-00-5514; AZA 28789]

Availability of the Record of Decision (ROD) for the Morenci Land Exchange Final Environmental Impact Statement, Case Number AZA 28789, Safford Field Office, Greenlee County, AZ

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability of the Record of Decision (ROD) for the Morenci Land Exchange Final Environmental Impact Statement, Case Number AZA 28789, Safford Field Office, Greenlee County, Arizona.

SUMMARY: The Safford Field Office, United States Department of the Interior, Bureau of Land Management has prepared a Record of Decision for the Morenci Land Exchange Final Environmental Impact Statement. The Record of Decision was signed by the Arizona BLM State director on February 7, 1997, and approves a land exchange between the United States Department of the Interior, Bureau of Land Management, Safford Field Office and Phelps Dodge Morenci, Inc.

The approved exchange involves trading 3,604.79 acres of Bureau of Land Management administered public land located in Greenlee County, Arizona for 1,040.00 acres of private lands owned by Phelps Dodge Morenci, Inc., located in Graham, Greenlee, Cochise and Pima Counties. The public and private lands involved in this trade have been appraised, by methods approved by the Federal Government, and are substantially equal in dollar value. The appraised value of the offered lands and the selected lands are within 3 percent of each other.

Approval of the land exchange will bring lands with important resource and public land management values into public ownership, and transfer BLM managed public lands to private ownership. Resource values of the private lands, transferred to Federal ownership, include an important riparian area as well as critical, occupied, and potential habitat for threatened and endangered species. The public lands, transferred to Phelps Dodge Morenci, Inc., ownership, are expected to be used for mining purposes that will enable Phelps Dodge to expand and continue operation of some features of the Morenci copper mine.

This ROD was prepared to comply with the Council on Environmental Quality's regulations (40 CFR Part 1500-1508) for implementing the National Environmental Policy Act of 1969, 43 U.S.C. at 1701.

DATES: February 21, 1997.

ADDRESSES: Safford Field Office, 711 14th Avenue, Safford, Arizona 85546.

SUPPLEMENTARY INFORMATION: Phelps Dodge Morenci, Inc., will acquire title to 26 parcels (3,604.79 acres) of public lands located in Greenlee County, adjacent to the existing Morenci mine. Fourteen of these parcels are less than 1 acre in size and are surrounded by private land. The remaining 11 parcels range in size from 5 acres to about 2,560 acres. The value of these lands has been appraised, using a federally-approved methodology, at \$450,598.75.

The Bureau of Land Management will acquire title to 4 parcels of private land

(1,040.00 acres) located in Greenlee, Graham, Cochise, and Pima Counties. These properties consist of: the 280 acre Eagle Creek parcel located in Greenlee/Graham Counties; the 360 acre Stewart Trust property located in Cochise County; the 320 acre Peterson parcel located in Cochise County; and 80 acres of the 240 acre Clyne parcel located in Pima County. The value of these lands has been appraised, using a federal approved methodology, at \$464,000.00.

Since the appraised value of the selected (public) lands is \$13,401.25 less than the appraised value of the offered (private) lands, the Bureau of Land Management must either pay Phelps Dodge Morenci, Inc., the difference or receive a waiver of payment. The Bureau of Land Management has requested a waiver, and Phelps Dodge Morenci, Inc., has agreed to waive the balancing payment of \$13,401.25 pursuant to 43 CFR 2201.6.

FOR FURTHER INFORMATION CONTACT: Scott Evans, Project Manager, or Mike McQueen, Environmental Coordinator, at the Bureau of Land Management, Safford Field Office, 711 14th Avenue, Safford, Arizona 85546; telephone number (520) 428-4040. Internet address sevens@az.blm.gov or mmcqueen@az.blm.gov.

Dated: February 21, 1997.

Frank L. Rowley,

Acting Field Office Manager.
